## GRADUATE FELLOWSHIP PROGRAM & MASTER'S SCHOLARSHIP PROGRAM

The Semiconductor Research Corporation (SRC) announces the competition for the Graduate Fellowship Program (GFP) and Master's Scholarship Program (MSP) for the 2015-2016 academic year.

These prestigious awards provide full tuition and fees. Students will also be awarded a monthly stipend of \$2,536 beginning fall 2015. The SRC Graduate Fellowship Program supports doctoral students for three years with a possible extension of one year; the Master's Scholarship Program provides support for up to two years.

### SRC Graduate Fellowships for Doctoral Students

#### CRITERIA:

- Open to students who are or will be pursuing a PhD degree under the guidance of an SRC Global Research Collaboration (GRC) faculty advisor and GRC research contract
- US citizens or permanent resident status
- A limited number of fellowships may be awarded for one year to promising students just beginning graduate studies, but not having a clear GRC contract connection (e.g., students in the Undergraduate Research Opportunities program). If these students are able to connect to a GRC contract within the year, the fellowship will continue

### SRC Master's Scholarships

#### CRITERIA:

- US citizens or permanent resident status
- Women and members of underrepresented minority categories are encouraged to apply
- Open to students who are or who will be pursuing a Master's degree under a GRC research contract

Applications  
must be  
received by  
**2.3.15**

### APPLICATION INFORMATION

To apply visit [www.src.org/student-center/fellowship/](http://www.src.org/student-center/fellowship/). Only completed application materials submitted by midnight E.T. on February 3, 2015 will be accepted.

Awards will be announced by April 2, 2015.
